

Experience the Boating Life!™

Course Rate Information

GROUP CLASSES

All course rates are based on two (2) students per class. Groups of three (3) family members or groups of three (3) friends will receive a 50% discount on the 3rd student and 4th student. For example, a class of three (3) students will pay the full course rate for two (2) and half price for the 3rd student. In a class of four (4), the 3rd and 4th students will each receive a 50% discount off the course fee.

SINGLE STUDENT CLASSES

We try to schedule courses with a minimum of two (2) students and a maximum of four (4). If a student has signed up for a class as a single student and FS&CS is unable to match them with at least one other student we will allow the single student to take the class for an additional \$200 per day based on the number of days of the class. The single student option is only available on certain vessels. For the 10-day Offshore Adventure Sailing Class and the 8-day P103 Offshore Power Cruise, the single student rate is \$300 per day.

PRIVATE INSTRUCTION FOR CLASSES OF TWO (2) STUDENTS ONLY

Students may choose to pay an extra fee per student per class to have the course limited to just two people. The additional charges are as follows on Sailing Courses:

Courses of 2-3 days Add \$200 each for 2 only
Courses of 4-6 days Add \$300 each for 2 only
Courses of 7 days or longer Add \$400 each for 2 only
